Education

Azerbaijan, Baku – Baku State University
BSc Computer Science (2007 – 2011)

Azerbaijan, Baku – Baku State University
MSc Computer Science (2012 – 2015)

About me

I am a Frontend developer with big experience of UX/UI management. I have a love of clean, modern frameworks, and I have lots of experience with different frameworks and architectures. I am a highly motivated, self-driven developer. Mainly I have focused on client side on JavaScript, HTML/CSS. I always strive to extend my skills in programming and hone existing ones by self-study.
